COMMISSIONERS COMMENTS:

Commissioner Severns – Says he holds a wood stove burning class, and that the biggest impact he sees is when he shows the participants how they can burn a stove and have little to no visible emissions coming out of the stack. Believes it should be mandated to have people buying a stove takes a class.

Commissioner Duffy – Thanks staff for the last couple meetings, for taking their time while they discuss.

Commissioner Sherman – Thanks commission and staff for the whole process, he has learned a tremendous amount about burning wood.

Meeting adjourned at 8:30 pm.

With my signature, I certify the accuracy and completeness of the minutes above.
