Permanent identification is required for all dogs and cats leaving the shelter. A microchip is injected under the skin with a sterile needle between the shoulder blades. It is a quick and virtually painless procedure. The fee is \$15.00 for the microchip.

Borough Ordinance requires all dogs and cats over the age of 12 weeks to have a current rabies vaccination. We require a copy of a rabies certificate, which you can either bring in or have your vet fax to us at 459-1120.

Is your pet's rabies vaccination current? Yes No

If yes, please tell us the vet you use _____

Having an animal spayed or neutered may reduce their desire to run away. As an incentive program for our patrons, we offer a refund equal to a first time redemption fee. If you have your intact pets altered within 30 days of redemption you are eligible for a refund. **This applies only to pets redeemed that have not been previously altered.**

Is your pet already spayed or neutered? Yes No

Written communications with public officials/borough employees generally are considered a public record and subject to disclosure (viewing and/or copying of the communication) pursuant to a public records request.
